Re: Chino v. Department of Financial Services
Claim No. 124835 – Motion No. M-85707

Joseph Paterno, AAG

120 Broadway
New York, NY 10271

Dear Mr. Paterno:

I am the pro se claimant in the claim NO. 124835.

Please take notice that I have faxed judge a request to postpone for 30 days the date of the hearing on the Motion No. M-85707. It does take me longer to study elements of the case as I do not have the resources that your office confers you.

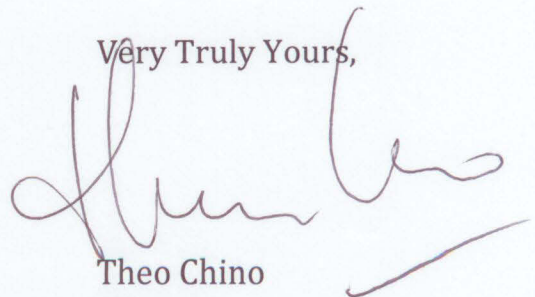

The representative for the State of New York, Mr. Lawsky, has asked the world over about this issue except maybe for the citizen of the State of New York.

Mr. Lawsky is mistaken to consider it a Currency; the IRS rules that it was an asset, and the computer code that govern Bitcoin (uppercase "B" refer to the Peer to Peer computer Network whereas lowercase "b" refer to the unit carried on the network) back the claim that it is an asset (such as Gold) and not a currency.

The claim is based on the fact that it has been published in the New York State register (DFS-29-14-00015-P) without hearing. If Mr. Lawsky were to remove it from the Register, then the claim would be moot.

Please do not hesitate to contact me to discuss the issue.

Very Truly Yours,

Theo Chino

Claim No. 124835 – Motion No. M-85707

Honorable Hon. David A. Weinstein
26 Broadway
New York, NY 10004

Dear Mr. Weinstein:

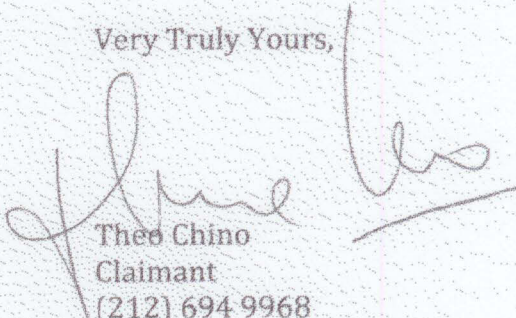

I am the claimant in the claim NO. 124835, and pro se in this case.

As a pro-se in this case, it does takes me much longer to study the elements of the response as I only have access to law library in the court from 8:30 am to 4:30 during week days; and since I hold a full time job, I can effectively use it about 30 minutes a day.

I would like to request that you postpone the hearing on the Motion No. M-85707 for 30 days.

The State of New York has been rushing every element of the issue of the Bitcoin.

Very Truly Yours,

Theo Chino
