Thanks, Jon -- can we go for 10:45 (unless you really need coffee :)), in which case we can say 11?

Here is a dial-in we can use, as Herrington is sunning himself on an island and my colleague Michael Baratz and I are in rainy DC:

If you could do a quick call at a break Jason Weinstein and I would like to touch base on an

Matt,

In New York all day at an NYU Law School conference. Back Monday. Do we need to speak sooner? I can talk during a break.
